- **Admin report- Kelly Knill (Ann/Joanna Regrets)**
 - Field hockey for the Primaries was outstanding. Very well run and highly enjoyed by the kids.
 - Choir in the District Festival; it was their best performance to date according to Mr. Barrie
 - Irish education team went extremely well, they loved our school and want us to visit them.
 - Student led conferences went really well as students are learning how to identify and share their areas of progress.
 - We will be participating in Lights Out Lunches, as well as making a concerted effort to turn out lights to support our districts goal on reducing energy and negative environmental impact.
 - Volleyball was great, while our teams were not huge “winners” their skills became so much better as the season went on and they were excellent representatives of SH with the way they played, encouraged each other and were well mannered to other school.

- **Treasurers Report- Kelly Knill**
 - Hot lunch has generated approx 10K year-to-date
 - Had some extra funds so we hired the Aquabus (Aquarium) to come to the school on March 9th.
 - We purchased a new tabletop scoreboard for \$40
 - Most of the teachers have handed in their receipts; still waiting on receipts from a few more teachers

- **Hot Lunch Program- Erin Bulycz**
 - Going well, items are being picked up in a timely manner
